

UK shopfitters & interior fitout contractors

**Award-Winning
Interior Fit-Out
Specialist**

About Us

Jephsons Shopfitters was founded in 1972; we continue to pride ourselves on producing the highest quality interior fit-outs for every client and project.

From our Nottinghamshire base, we facilitate bespoke joinery and manufacturing projects from design to installation.

Reputation for attention to detail, **high quality** and a commitment to on-time, to budget **project management**.

For over 40 years, we have built a reputation for attention to detail, high quality, commitment to on-time, and budget project management.

Our experience expands across food retail, hospitality, leisure and catering industries.

Our experienced team have over 100 years of combined experience in interior fit out's. Our dedicated estimators and project managers work alongside our clients to develop concepts, drawings, and schedules from our fully equipped head office.

Our longstanding team are skilled joiners producing work in hardwoods, softwoods, laminates, Corian, and various sheet materials, including MDF.

Workmanship & Service

We use cutting-edge CNC machining, which, when combined with our spray booth and finishing facilities, we can manage consistency across repeat and large scale projects.

Using our design plans developed with you or your design plans, we will fully manufacture, supply and install to your requirements – if you prefer, we also manufacture and supply.

Chosen Supplier

Jephsons Shopfitters have won multiple awards and become a chosen supplier to Fast food chain KFC. With over forty years of experience and collaborating with KFC, we've managed to bring this well-loved fast-food chain into 2021 with a bang.

Modernising a business is highly important to fast-food chains and food establishments, just like it is for retailers who are experiencing the damaging effects that online shopping is providing.

Rolling out and creating a new look for branches across the UK during the world pandemic, With brand new styling and branding that is still recognisable to the KFC brand.

A clean and presentable space is something that's required when it comes to fast-food chains to help encourage new customers to step inside and order something for the first time.

Existing customers of the KFC chain will also have high expectations, which Jephsons Shopfitters were keen to focus on when it came to this recent interior fit-out.

From bespoke countertops to those much-needed hand sanitising stations to continue keeping the surrounding area safe from COVID-19.

We are passionate about creating **positive change** to local young people, inspiring the next generation and raising aspirations.

Corporate Social Responsibility

Since 1972 our health and safety record continues to be second to none and regularly receive Considerate Constructors' reports marking us at 85% and above.

We are committed to our membership of the National Association of shopfitters, Construction Line, Safe Contractor and Altius.

Our modern, innovative approach to site audit management provides continuity, improves productivity and communication.
